Ryan Furman
RE: Dr. Monica Wehby for US Senate
ID: C00550996

Amended 12 Day Pre-Primary Report (04/01/2014 – 04/30/2014)
Received: 10/08/2014

Dear Mr. Furman:

Please find below our response to your inquiry.

Item 1.

The Committee reports debts and obligations on an accrual basis and understands the date the activity or service occurs, is the accurate reportable disclosure date. Regarding the amended 12 Day Pre-Primary report filed on October 8th, the Committee received invoices months after the closing date of the original 12 Day Pre-Primary report. When the Committee was made aware of the prior period activities, an amendment was immediately filed to accurately reflect the accruals for the period.

The Committee would also like to note, a brief description was provided on the amendment indicating adjustments were made to the accrued expenses. Unfortunately, the Committee's software places the memo text on the cover page for the Form 3 just below the *Covering Period* dates rather than a separate page. We realize this may seem ambiguous; however, we wanted to note efforts were made to disclose a reason for amending.

Sincerely,

Bryan Burch
